

Webinar: What is a barrier-free society? Am I Setting Up or Removing Barriers?

Many of us would be ready to give our helping hands to those with difficulties or disability and be socially inclusive. Yet we may not know how to help, what to do, and what resources are around. Sometimes, we aren't even aware of embarrassment or inconvenience we may have caused unintentionally to people with disabilities on campus. How can we put our good will into helpful and useful actions?

In this webinar, CEDARS SEN Support will provide an overview of [obstacles faced by students with SEN on campus](#), how we can facilitate rather than hinder accessibility on campus, in different common scenarios and [the "etiquettes" in approaching a person with disability](#). You will also know more about related [facilities and equipment available for loan at CEDARS](#).

Date: 24 April 2020

Time: 11am – 1pm

Language: English

Format: Live Webinar via Zoom

Fee: Free

Trainer: CEDARS SEN Support Team
