

Subject: For Freshmen: Core Study & English Skills for University Learning

Core Study & English Skills for University Learning

This seminar is specially designed for new students who want to know how to equip themselves with the necessary skills needed for university success.

At the seminar, you will

- acquire the core study and time management skills to enhance your university learning
- familiarize yourself with the language support and resources available on campus to improve your English skills
- listen to sharing from senior students
- get tips on achieving university success from experienced staff and senior students
- gain opportunities to ask any questions about your university learning
