Engineers Without Borders Service Trip 2015 - Community Development in Cambodia

Student volunteers who are motivated and passionate about helping and giving support to remote community outside Hong Kong are invited to join engineering services trip 2015.

Engineers Without Borders – Hong Kong has organized the engineering services 2014 and cultural exchange on the silk road trip entered the remote of north west china to serve the remote community in Gansu. In 2015, we planned to use our experience and knowledge on engineering works overseas to construct a better living place to the community.

Date: 21st to 30th June 2015 (10 days)
Location: Phnom Penh, Cambodia

Program Highlights

1. To build a multi-purpose open space for children learning music and public performance.
2. To experience daily works of the Cambodian such as selling sugar cane juice and farming with locals.
3. To lead local children to practice English used in daily.
4. To enjoy and have fun in local fishing community, mangrove replanting activities.
