UP I'D LIKE TO
BE THE MOON

Warmhearters *When I Grow up I'd like to be the Moon* Charity Photographic Exhibition
暖心族月亮會走路慈善攝影展

Dear Students, Professors and Staff,

If you love art and love to help others, you must come and experience our exhibition!

Warmhearters 暖心族 is a government registered NGO that hopes through the interaction of love; we will be able to help the impoverished primary schools in the mountains of the Yunnan area to obtain the fundamental facilities for their studies. We hope to enlighten them to achieve an even better learning environment through their own self-reliance. With limited resources at present we are planning to launch our campaign in Lin Cang (臨滄) area of Yunnan as a start.

Warmhearters has devoted their time, effort and all donations to three ongoing programs; Comforter Donations (棉被捐贈), Canteens (愛心飯堂) and School Farms (校園農圃).

In December 2012, Sean De Sparengo, a talented director/photographer from London, UK, came along with the Warmhearters on their service trip to Yunnan. Sean took portraits of the school children hoping to reveal a little piece of their life and hardships through the still emotion that was captured. Further to the portraits, we also learnt of their dreams. The dream could be big or small, serious or silly, fantasy or realistic. Through the depiction of the portraits and the discovery of their dreams, we can only hope that one day some of these dreams can become a reality.

Photo Exhibition Details are as follows:

Date: 21-25 October, 2013 (Monday – Friday)

Venue: G/F of Knowles Building

Warmhearters will also participate in the Service 100 Fair on 30 October, 2013 (Wednesday). We will be selling postcards, schedulers, T-shirts and bookmarks. All proceeds and donations after deduction of necessary expenses will go to our three ongoing programs. Please come and support us!!
