

Dear students,

We would like to invite you to participate in the “*Moot and COP*” project supported by the HK Environment and Conservation Fund (ECF). The project consists of the following activities:

#### **Environmental Moot Court (October 27)**

It is convened by the Hong Kong-America Centre and the Faculty of Law of CUHK for students from all disciplines and all universities. Participants will form interdisciplinary teams addressing the question: *how can the UN strengthen implementation of the Paris Accords on Climate Change? What should HK do to meet its own goal of reducing carbon intensity by 20% by 2020, and more by 2030?* The venue is the **Graduate Law Centre, 3/F, Bank of America Tower in Central**. Places are limited; first come, first served. Interested students can register at <https://cloud.itsc.cuhk.edu.hk/webform/view.php?id=5982475>

#### **Simulation of COP 24 (November 10)**

The Hong Kong- America Centre and Carbon Care Innolab will conduct a simulation for university students in HK of the UN Framework Convention on Climate Change, or COP 24, to be held in Poland later this year. How can we fulfill the nationally determined commitments (NDCs) made in the Paris Accords in COP 21 in December 2015? The COP simulation will have 12 country teams of student delegates negotiating new NDCs. Each country team will have roles representing Energy, Business and NGO sectors. Students of all disciplines are invited. The venue will be in the elegant offices of the global consultancy, **PwC, 22/F, Edinburgh Tower, Landmark in Central**. If you are interested, please register at <https://cloud.itsc.cuhk.edu.hk/webform/view.php?id=6023068>

Both activities are free of charge, though you are required to register in advance.

Wish you an enjoyable and rewarding learning journey !

Regards,  
Centre of Development and Resources for Students
