

Connecting Myanmar Summer Volunteer Programs 2015

Connecting Myanmar is a Hong Kong student NGO to promote Myanmar culture on university campuses and organize summer volunteer programs on the Thai-Myanmar border and inside Myanmar.

Since 2012, we have brought over 90 Hong Kong university students to teach journalism, run law workshop and renovate schools at the Myanmar communities. The programs have become a rewarding and eye-opening experience for many and built up lasting friendship between the Hong Kong and Myanmar youths.

Programs we offer in summer 2015
