

Volunteers Needed for the Edible Rooftop Garden Project of Feeding Hong Kong

Grow food not grass! Would you like to help turn an unused rooftop into one amazing garden which can be used to support people in need in Hong Kong?

Feeding Hong Kong is going to set up its second Edible Garden at Confucius Hall Secondary School (孔聖堂中學) (<http://www.chss.edu.hk/en/contact.html>) in Causeway Bay during 16 - 18 January and is looking for as many helping hands as possible! Definitely a work out with good cause!

Feeding Hong Kong is the first Hong Kong food bank dedicated to rescuing surplus nutritious food from retailers, distributors and manufacturers and redistributing it to people in need. It is led by a group of passionate and focused individuals committed to fighting hunger in Hong Kong and reducing the amount of high quality food being unnecessarily sent to landfill. It also hopes to raise awareness about poverty and food insecurity in Hong Kong
