

RISE

RISE (<https://riseconf.com/>) is Web Summit's first event in Asia that will take place in HKCEC, Hong Kong at the end of July (31st of July and 1st of August).

Web Summit (<https://websummit.net/>) is Europe's largest tech conference attracting over 20,000 attendees from around the world. Rise is a new tech conference that will give these leaders of enterprise a place to congregate and demonstrate how their companies are changing the way we live.

Volunteers are required to help our team over all areas of the conference including our speakers team, investors team, production team, registration team and many more. Volunteers are asked to complete two shifts, one shift per day over 3 days: 30th, 31st (July) and 1st (August). Volunteer briefings take place on 29th & 30th of July (time TBC) in HKCEC. Here, volunteers will receive information about their specific volunteer role during the conference.

Volunteers are free to enjoy the conference in their spare time and make the most of the incredible networking opportunities which arise at our events. Volunteers are also welcome to attend our Official Night Events. Volunteers will receive a lunch pack after their shift.

Students who are interested in being a volunteer can register at <https://riseconf.com/volunteers>.

For enquiries, please contact Brigid by email (volunteers@riseconf.com). Thank you.

Best,
Brigid McKeown
