HKU Student Wu Zhi Qiao (WZQ) Team, under the Wu Zhi Qiao (WZQ) Project, helps design and build footbridges and village facilities in the remote and poor villages in Mainland China. The team is self-initiated by HKU students with the support of Wu Zhi Qiao (Bridge to China) Charitable Foundation and Centre of Development and Resources for Students (CEDARS).

HKU Student WZQ Team is now recruiting new members. Have you ever thought of visiting the rural areas in Mainland China? Do you want to have an invaluable life experience? By joining the Wu Zhi Qiao (WZQ) programme, you will have the chance to design a project with your teammates from the very beginning so as to improve the living of the people in the village. The process is tough but you will be proud of yourself for the contribution made in the project. Also, you will feel a tug at your heartstrings because of the grateful smiles of the villagers.
