Dear HKU Staff and Students,

We Care, a student-run NGO that aims to promote social inclusion in Hong Kong, will host a FREE baking event on the last day of the lunar year Feb 18. Join us if you are interested!

On the day, we will group students, members of the public who are interested, domestic helpers and shelter ladies\* to bake traditional Chinese sweet pastries (red bean paste, sweet lotus seed paste, winter melon paste) together! We hope that people can learn more about each other, regardless of differences in culture, social status and race, through baking-fun.
