Dear Students and Colleagues,

If you love books, give them away. Read-Cycling 書送快樂 and the Center of Development and Resources for Students will jointly organise a book collection campaign at HKU again this year from 21 October – 15 November, 2013.

A collection box will be placed outside the **main library**. Used books of over 70% new in condition, with no broken pages, written notes or obvious wrinkles are welcome. Due to limited resources, textbooks, technical reference books and magazines will **not** be accepted.

Read-Cycling is a government-registered NGO that aims at promoting the sharing and joy of reading, as well as the concept of knowledge-based society by encouraging the community to reach out for different domains of knowledge and interests through reading. The books collected will be used for its annual charity sale “*Bring A Book & Share*”. All proceeds after deduction of necessary expenses will be used to buy new books for local communities in need.

For details about Read-Cycling, please visit its website: www.read-cycling.org or facebook: <http://www.facebook.com/ReadCycling>. If you have any enquiries, please feel free to contact cedars-programmes@hku.hk or 2857 8387. Thank you.

Best regards,

Centre of Development and Resources for Students
